

A Structure Fit for the Future

Draft Adult League Structures for 2021-22

The draft adult league structures included in this document are linked to the proposal 'A Structure Fit for the Future'. It is strongly recommended that this document is read alongside the full proposals available at www.englishockey.co.uk/astructurefitforthefuture

If you are looking for your club the quickest way is to search this document using the find function and add your club name (press Ctrl f).

Indicative Adult League Structures

DRAFT to demonstrate potential approach

Please refer to context and full proposal provided when considering these structures

1. Introduction and Context

The proposals set out in A Structure Fit for the Future provide the background to these league structures (www.englishhockey.co.uk/astructurefitforthefuture). They are only indicative at this stage and are provided in response to requests from clubs for more detail so clubs can vote at the 2020 England Hockey AGM with sufficient insight.

The proposed structure aims to create a fairer approach with more equal opportunities to progress. In light of the feedback received from clubs the aim in the proposals has been to reduce travelling time wherever reasonably possible. Alongside the new structure league rules will be aligned across the country supporting more effective approaches to technology bringing more efficiency for clubs and players.

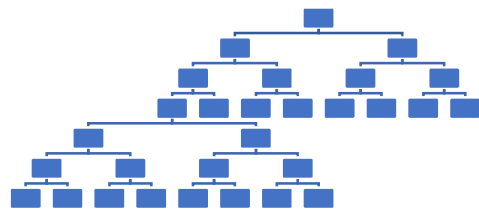

After the initial intelligent mapping exercise, supported by *Llamasoft* for England Hockey on a pro-bono basis, eight new Areas are proposed. These were developed using Google maps traffic data and have since been consulted on with clubs and associations through a range of workshops and an online survey. The eight Areas will sub-divide locally into smaller geographical areas at lower levels with the number of local divisions based on the density of hockey in that area.

The Areas will be responsible for all adult league provision outside of the England Hockey Leagues and will have the power to refine the structures locally in line with the national principles. Clubs will be able to influence their local provision by being affiliated members of the Area bodies.

There are two interactive maps available that can be used to see the proposed approach that are available here: www.englishhockey.co.uk/astructurefitforthefuture. Details on the approach for clubs on boundaries are available in the full proposal.

The proposed adult league competition pyramid works alongside a traditional competition model by splitting 1, 2, 4, 8, 16 etc.

The model worked up in the following pages follows the structure in the table beneath. At this stage the structure is developed based on league positions of teams at December 2019. Individual divisions have not been created below the Pyramid Level 16 as there are two promotions and relegations in the intervening period. Also with clubs selecting Areas to play in there are still too many variables to provide exact divisions.

Pyramid Structure	Pyramid Level	League Tier	% Teams	Organiser	
	1	1	0.005%	England Hockey	
	2	2	0.1%		
	4	3	0.2%		
	8	4	5%	Area	
	16	5	11%		
	32	6 – 16+	83%		
	64				

If the proposals are accepted by the membership at the 2020 England Hockey AGM clubs will then be invited to select their playing Area(s) in April 2020. By September 2020 more detailed league structures would be shared for the final season played in existing structures. The new adult league structure would be in place from September 2021.

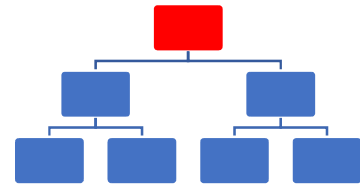

Indicative Adult League Structures

DRAFT to demonstrate potential approach

Please refer to context and full proposal provided when considering these structures

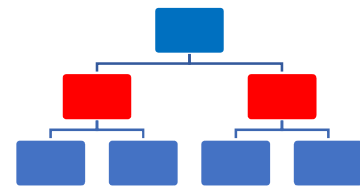

England Hockey Leagues - Men

England Hockey League
Men's Premier Division
Tier 1
1 Division - 10 teams
Full National
No 2nd teams

Beeston	1
Brooklands MU	1
East Grinstead	1
Holcombe	1
Hampstead and Westminster	1
Old Georgians	1
Reading	1
Surbiton	1
University of Exeter	1
Wimbledon	1

England Hockey League
Men's Division 1 North and South
Tier 2
2 Divisions - 20 teams
Split geographically into 2.
No 2nd teams

Bowdon	1
Brighton & Hove	1
Canterbury	1
Cardiff & Met	1
City of Peterborough	1
Fareham	1
Havant	1
Leeds	1
Loughborough University	1
Olton & West Warwicks	1

Oxford Hawks	1
Oxted	1
Sevenoaks	1
Sheffield Hallam	1
Southgate	1
Team Bath Buccaneers	1
Teddington	1
University of Birmingham	1
University of Durham	1
University of Nottingham	1

Clubs named in alphabetical order not geographically organised at this point

Indicative Adult League Structures

Please refer to context and full proposal provided when considering these structures

East Area - Men

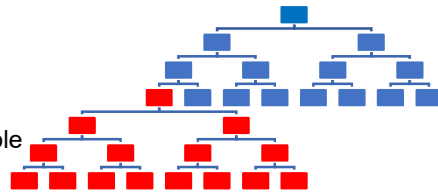

Area Leagues

Men's Divisions

Tier 4, 5 and 6

Maximum 2 teams per club in one division wherever possible

Divisions of 12 teams currently for purpose of this example

Note: The East Men's League currently sub-divides more locally into smaller areas at the lower levels. These fit the Tier 7 ('64' level) of the proposed pyramid structure so would be supported by these proposals if also agreed locally.

East Premier Division

Broxbourne	1
Cambridge City	2
Cambridge University	2

Greater London Area – Men

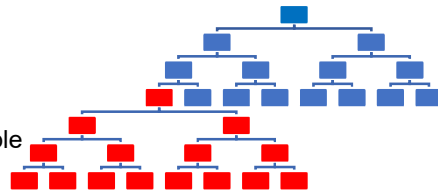

Area Leagues

Men's Divisions

Tier 4, 5 and 6

Maximum 2 teams per club in one division wherever possible

Divisions of 12 teams currently for purpose of this example

Note – as a smaller geographical area in terms of travel distance there may be appetite for more divisions at Tier 5 (the '16' level) of the pyramid. This agreement could be made and agreed locally by the Area consulting with clubs.

Premier Division

Bromley & Beckenham	2
East London	1
Hampstead & Westminster	2
Indian Gymkhana	1

Midlands – Men

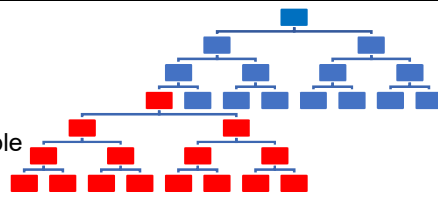

Area Leagues

Men's Divisions

Tier 4, 5 and 6

Maximum 2 teams per club in one division wherever possible

Divisions of 12 teams currently for purpose of this example

Note: The Midlands Men's League currently sub-divides more locally into smaller areas at the lower levels (the 'Nottingham' league). These fit the Tier 7 ('64' level) of the proposed pyramid structure so would be supported by these proposals if also agreed locally.

South West – Men

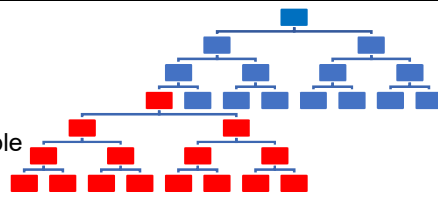

Area Leagues

Men's Divisions

Tier 4, 5 and 6

Maximum 2 teams per club in one division wherever possible

Divisions of 12 teams currently for purpose of this example

Note 1: The current West Men's and Women's League currently sub-divide more locally into smaller areas at the lower levels. These fit the Tier 7 ('64' level) of the proposed pyramid structure so would be supported by these proposals if also agreed locally.

Note 2: This draft proposal does not include lower level Welsh teams. England Hockey and Hockey Wales are finalising the preferred approach to this given the current differences in the Men's and Women's games.

Premier Division

Indicative Adult League Structures

DRAFT to demonstrate potential approach

Please refer to context and full proposal provided when considering these structures

East Area – Women

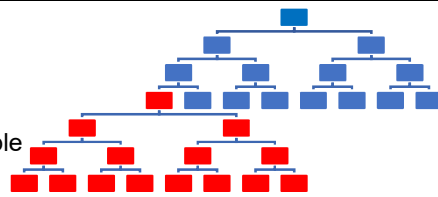

Area Leagues

Women's Divisions

Tier 4, 5 and 6

Maximum 2 teams per club in one division wherever possible

Divisions of 12 teams currently for purpose of this example

Note: The East Women's League currently sub-divides more locally into smaller areas at the lower levels. These fit the Tier 7 ('64' level) of the proposed pyramid structure so would be supported by these proposals if also agreed locally.

Premier Division

Greater London – Women

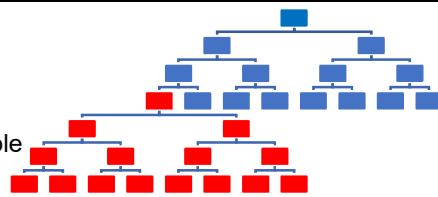

Area Leagues

Women's Divisions

Tier 4, 5 and 6

Maximum 2 teams per club in one division wherever possible

Divisions of 12 teams currently for purpose of this example

Note – as a smaller geographical area in terms of travel distance there may be appetite for more divisions at Tier 5 (the '16' level) of the pyramid. This agreement could be made and agreed locally by the Area consulting with clubs.

Midlands – Women

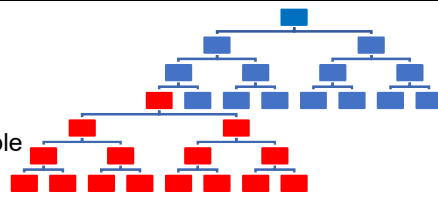

Area Leagues

Women's Divisions

Tier 4, 5 and 6

Maximum 2 teams per club in one division wherever possible

Divisions of 12 teams currently for purpose of this example

Note: Following the approach used by the Midlands Men's League that currently sub-divides more locally into smaller areas at the lower levels (e.g. the 'Nottingham' league) the Women's structure in the Midlands could follow a similar approach. These fit the Tier 7 ('64' level) of the proposed pyramid structure so would be supported by these proposals if also agreed locally.

Women's Divisions

Tier 4, 5 and 6

Maximum 2 teams per club in one division wherever possible

Divisions of 12 teams currently for purpose of this example

Note – as a smaller geographical area in terms of travel distance there may be appetite for more divisions at Tier 5 (the '16' level) of the pyramid. This agreement could be made and agreed locally by the Area consulting with clubs.

South West – Women

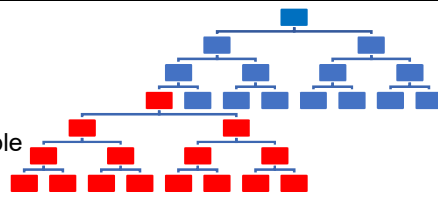

Area Leagues

Women's Divisions

Tier 4, 5 and 6

Maximum 2 teams per club in one division wherever possible

Divisions of 12 teams currently for purpose of this example

Note 1: The current West Women's League currently sub-divide more locally into smaller areas at the lower levels. These fit the Tier 7 ('64' level) of the proposed pyramid structure so would be supported by these proposals if also agreed locally.

Note 2: This draft proposal does not include lower level Welsh teams. England Hockey and Hockey Wales are finalising the preferred approach to this given the current differences in the Men's and Women's games.
